Solder fittings for capillary soldering of copper pipes

APPLICATION AND USE

Fittings with ends for capillary soldering to copper tubes according to the GASTEC QA Approval requirements 5 and/or thread connections for the transport of gas.

MARKING

- GASTEC QA trademark.
 - Name of the manufacturer, the trademark or identification symbol
 - The nominal diameter and EN 1254-1 if its practicable
 - Fittings manufactured from dezincification resistant copper zin alloys and capable of meeting the requirements of NEN-EN 1254-1 4.5.3 shall be legibly and durably marked in accordance with either a) or b) as follows
 - For grade A material use symbol CR or characters DRA
 - For grade B material use characters DRB
-

RECOMMENDATIONS FOR END USERS

Check at the time of delivery whether:

- the producer has delivery in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport.

Consult the producer's processing guidelines for the proper storage and transport methods.

Check whether this certificate is still valid by consulting Kiwa Nederland B.V. or the Kiwa website.

If you should reject a product on the basis of the above, please contact the supplier and, if necessary, Kiwa Nederland B.V.
